RELEASE FOR PERMISSION TO USE DRIVEWAY

Permission is hereby granted to allow Haffner's truck to use my driveway for all deliveries. I hold Haffner's harmless for any damage done to my driveway as a result of this use and permission. The reason for this release is that some driveways, especially during the spring and rainy seasons, tend to be mushy or soft under the hot top. The weight of the truck could cause depressions in some driveways.
